FOUNDER'S MESSAGE

Competency through learning is a major focus at Lucknow Public College of Professional Studies. Social as well as individual development is possible through education only. Student life is a preparatory period for further life. One should think about career building, which is the prime concern of today's students.

It's a matter of great pleasure that today's students are career-conscious. For their motivational therapies, the college practises promptness in arranging Career Counselling Sessions and PDP (Personality Development Programme) to let students become thoroughly informed about lucrative career options, catapulting them into reputed jobs. We try to make students' personalities magnetic so that they can avail the opportunities ahead, making their profile higher. We have a CAT and other competition preparation cell, which provides free of cost teaching to students to prepare for CAT, Banking, Railways and other competitions. Our objective is to make our students highly employable, worthy and skilled so that they can have better tomorrows.

We educate our students in such a way as they realize oneness of mankind. A student's life will be adjudged according to his meaningful adjustment in the society which is the ultimate aim of education.

Being educated in real sense is being human in true sense. This is the essence of quality education.

At last, I would say that education does not mean piling of information and worldliness only, but to attain wisdom- a light, that does a lot for the sake of mankind. PRINCIPAL

DEAN ACADEMICS MESSAGE

Since March 2020, the world pressure has suffered under the weight of a global pandemic that locked down government offices, service organizations, schools, and businesses. The effects of the pandemic on everyone have been hard and painful.

The past year has exposed the dedication and ingenuity of our world class faculty and staff, as well as the grit and tenacity of our students. They all adjusted to this new normal, continued to engage, and remained focused on our goal of impacting our state at large through graduates from a diverse background ethnically, linguistically, and socio-economically, who would serve our communities with passion, compassion, and excellence.

Despite the pandemic, we were able to graduate eligible candidates in the 2019-2021 academic years. The Internal Quality Assessment Cell at LPCPS in coordination with the placement cell, conducted placement drive for the students who lost the bread earners of their family in the pandemic.

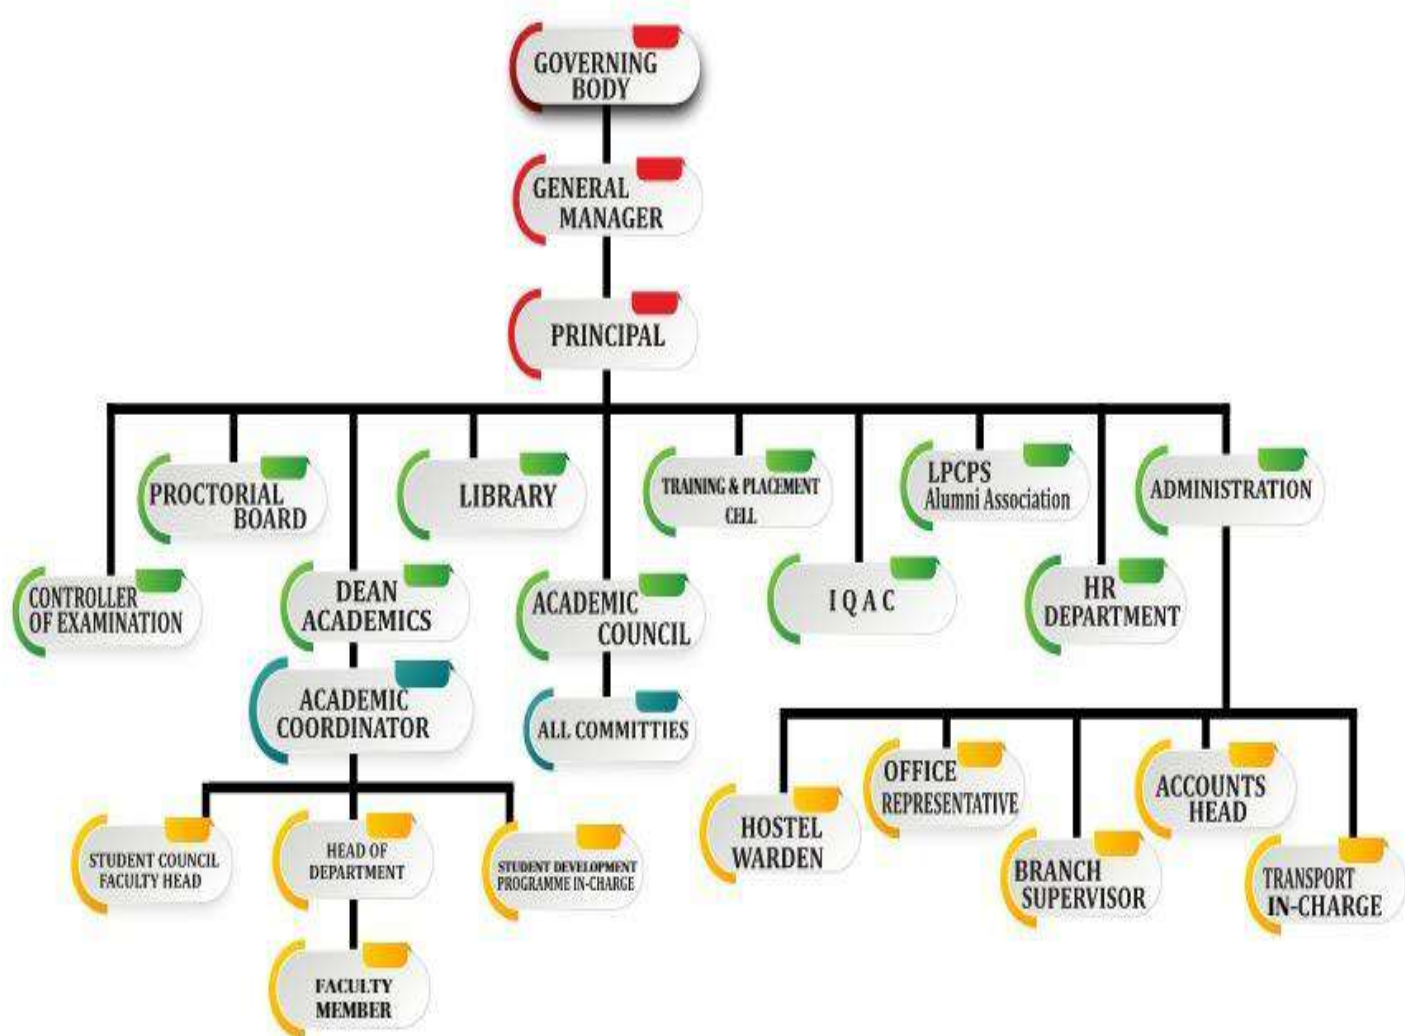

As the IQAC head, I believe that candidates must have a strong grounding in the content knowledge necessary to guide learners and must also possess the skills necessary to respond to the needs of those learners. The implementation of New Education Policy has also added to our value based education system.

As we have recently been shown, this is a time when old assumptions have been thrown out the door. A time when we've seen dramatic changes to everyday life none of us would have believed as we welcomed in the new year of 2020. Let new ideas combine with evidence on what works and come together in new collaborations, breaking down traditional barriers because we're all in this channel together. At the end, what you are doing is important, and even though these two years have taken a dramatic turn, know that your chosen field has become even more important, and what you choose to do can and will make a difference. Whatever you do, you still leave this place prepared and empowered to make a contribution.

You are the future leaders and the society look back to you. And I am optimistic, for your progressive height future. I am confident that those who follow you will look back at this time with pride and thankfulness.

Many professors believe that good subject knowledge will guarantee professional success in teaching. However, knowledge of highly sophisticated professional skills, concepts and theories will be useless if the faculty do not know how to deliver the content in the online classroom by using innovative teaching practices as well as adopting new ways of engaging students in the classroom. It's no secret that static classroom and online courses belong to the past. With augmented and virtual reality, interactive presentations, and a plethora of advanced technologies, today's learners expect more than just text and videos.

FOUNDER'S MESSAGE

I need to speak that such a time is slouching towards us as we have not yet identified it and we don't know what other jobs will exist according to future needs. We can easily understand that time will change all modules and methods. Entire human race is undergoing a big change. As an institution, we all evolve beyond providing education and handing over certificates and degrees. Teachers ensure that students are harnessed with the skills needed for the future. Pedagogical innovations are in routine, thinking over national and global levels.

Today we are living in an era of rapid flux and baffling complexities. Students are taught the original aspect of humanity that transcends human soul irrespective of gender, race, color, caste, creed and religion.

Human race is one. For collective growth, oneness of mankind must be nurtured in individuals' mind. We educate our students in such a way as they realize oneness of mankind. A student's life will be adjudged according to his meaningful adjustment in the society which is the ultimate aim of education.

Being educated in real sense is being human in true sense. This is the essence of quality education.

At last, I would say that education does not mean piling of information and worldliness only, but to attain wisdom- a light, that does a lot for the sake of mankind. Here at lucknow public college of professional studies, strenuous efforts are made by skilled educators to ensure the totality of education."

DEAN ACADEMICS MESSAGE

The initiation of IQAC (Internal Quality Assessment Cell) came into existence for systematic work and management of all academic and curricular activities. The past year has exposed the dedication and ingenuity of our world class faculty and staff, as well as the grit and tenacity of our students. They remained focused on our goal of impacting our state at large through graduates from a diverse background ethnically, linguistically, and socio-economically, who would serve our communities with passion, compassion, and excellence.

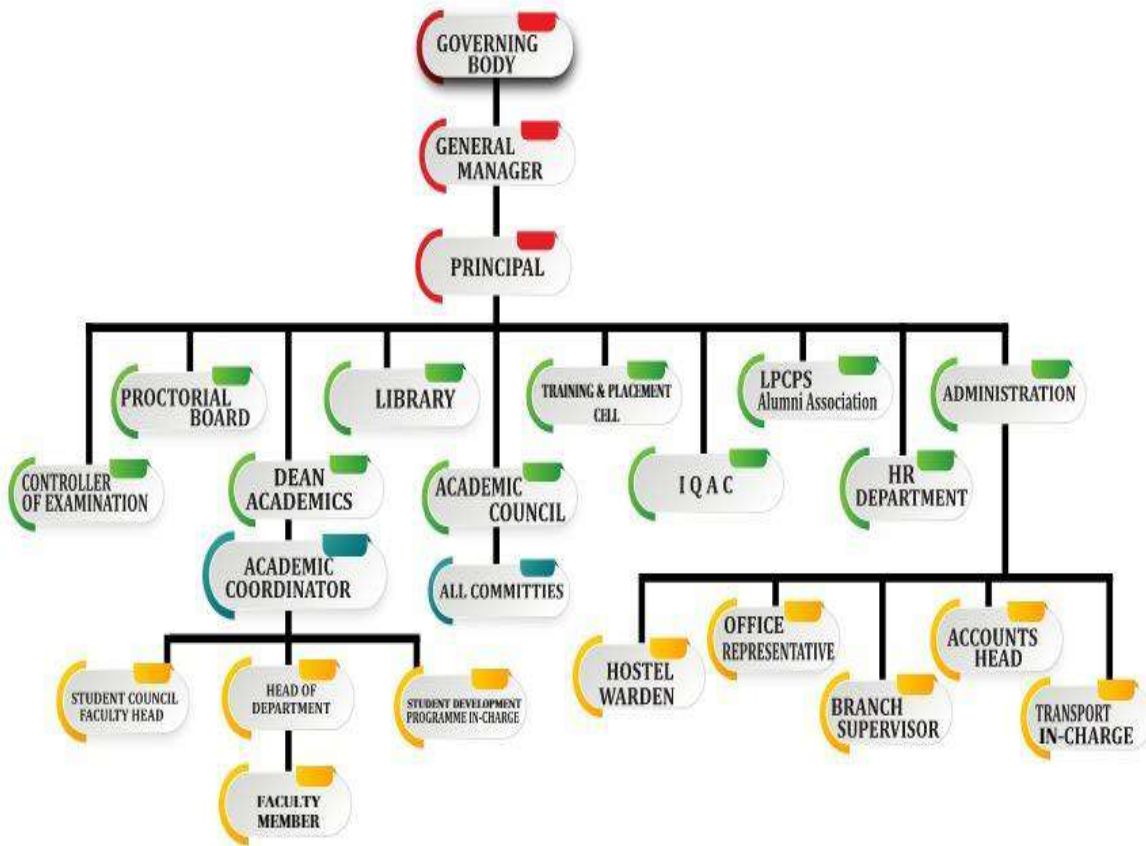

As the IQAC head, I believe that candidates must have a strong grounding in the content knowledge necessary to guide learners and must also possess the skills necessary to respond to the needs of those learners.

As we have recently been shown, this is a time when old assumptions have been thrown out the door. At the end, what you are doing is important, and even though these two years have taken a dramatic turn, know that your chosen field has become even more important, and what you choose to do can and will make a difference.

Whatever you do, you still leave this place prepared and empowered to make a contribution. You are the future leaders and the society look back to you. And I am optimistic, for your progressive height future. I am confident that those who follow you will look back at this time with pride and thankfulness.

Research is key factor for innovation and development and it has been found that the quality of Research-output has been far from the much needed standards. A Research-work must act as a catalyst for further researches to be undertaken in the said field. The quality of research depends on the understanding of the Research-problem and the output is significantly based in the appropriate research-tools used for the data-collection and its analysis. Management, Humanities or Social-science Research assumes significance from the nature of problem being identified and the possible solutions, since, it has a larger impact on the day to day activities of the common-man. Hence, a work carried out with accuracy in the results majorly determines the future of this knowledge-driven world.

In this backdrop, Lucknow Public College of Professional Studies takes the initiative to organize One Week National Faculty Development Programme on 'Research Methodology & Quantitative Data Analysis Using SPSS & AMOS' and invites Faculties and Research Scholars in all streams dealing with social-issues and all the aspiring researchers to participate and deliberate upon the contemporarily relevant issues.

Objective

The major objectives kept in mind while framing this Faculty Development Programme were as follows:

1. To understand what research is? And develop capacity for conceptualizing various research processes and gain insight into research phenomenon among new bees.
2. How to do review of literature to enhance skills to prepare an appropriate research design, including formulating of research questions and hypotheses, collection of data and its basic and advance analysis through SPSS & AMOS.
3. To provide greater exposure of various research methodologies available for conducting research.
4. To improve capacity of attendees for writing Doctoral thesis and research papers in reputed journals.
5. Application of research methodology in social science and management.

STAFF DEVELOPMENT PROGRAMME

“MENTORING AND COUNSELLING... *key to holistic education*”

Resource Persons:

Prof. S. Sen Sharma

Prof. Shailesh Kaushal

Prof. Sanjay Medhavi

Venue: BJAMC Lab (Block B) - Lucknow Public College of Professional Studies Campus

16th September, 2019

“Teachers who make the time to prepare themselves to be mentors tend to have more satisfying and productive mentoring relationships than those who do not.”

Teachers have multiple roles to play; and to fulfill their roles professionally, they need competence in handling their responsibilities towards students in a variety of situations inside and outside the classrooms. Providing guidance and counselling is increasingly seen as a key component in ensuring the holistic development of students. Teachers who prepare themselves as mentors increase their potential to enhance student growth and development, help students maximize education experiences, and enrich their own teaching experience and professional development. Mentors often report that they gain exposure to new and diverse perspectives, improve coaching and listening skills, find work more meaningful and satisfying, hone desired leadership skills, and often become reengaged professionally.

Becoming a skilled mentor and counselor is a life-long process that places a premium on self-awareness, on a keen desire for personal growth, a sustained passion for learning, and an openness to feedback and the consequent call to adapt and change. Central to this evolution is the core realization that no two people are alike and no two people understand language in the same way – one’s understanding will always be linked to one’s personal experience of the world. A good educator knows this, and will not try to fit students into a preconceived mould/s but rather help them focus on their emotions, experiences and behavioural patterns to bring about growth and development.

The modern day educational system has advanced for the emotional, physical, psychological well-being of the child. Hence, the Lucknow Public College of Professional Studies, Lucknow organized a one day Staff Development Programme on “Mentoring and Counselling...key to holistic education” on 16 September 2019.

LUCKNOW PUBLIC COLLEGE OF PROFESSIONAL STUDIES REPUBLIC DAY

26th JANUARY 2020

The Constitution of India, which was adopted by the Constituent Assembly on November 26, 1949, came into effect on January 26, 1950. This completed India's movement towards becoming an independent republic with a democratic government system. January 26 was also selected as the day to mark Republic Day because it had been on this day that the Indian National Congress (INC) proclaimed the Declaration of Indian Independence in 1929. This was opposite to the 'dominion' status offered by the British.

LPCPS celebrated 70th Republic Day on 26th January, 2020. Faculties, staff and students got sweets and flag hosting performed by Dean Academics Dr. LS Awasthi.

April 29, 2019

Addressing the changing paradigms of higher education, the National Assessment and Accreditation Council (NAAC), Bengaluru developed Revised Accreditation Framework (RAF) to make the existing assessment and accreditation process more robust, objective, and transparent, outcome oriented and stakeholder friendly.

It is in this context, the Internal Quality Assurance Cell (IQAC) of Lucknow Public College of Professional Studies (LPCPS) organized a one day workshop under the theme, "NAAC Revised Accreditation Framework (RAF)" on 29th April, 2019. In all, participants attended the workshop. These included Dean LPCPS, IQAC Coordinators, and 10 faculty members of the college.

Inaugural Session

Dr. L.S. Awasthi, Dean Academics, LPCPS welcomed all the guests and participants and briefed the participants about the objective and rationale of the workshop. He informed that the Revised Accreditation Framework of NAAC has necessitated documentation of the details on all aspects related to Curriculum, Teaching-Learning, Student Support, Research, Infrastructure, Governance etc. He further expressed a hope that Lucknow Public College of Professional Studies would come forward for assessment and accreditation as an immediate outcome of this workshop.

Technical Session I

In this session, Prof. Rajiv Manohar, Director IQAC, University of Lucknow, made a detailed presentation on the Revised Accreditation Framework of NAAC. He explained minute details of the Assessment & Accreditation (A & A) process beginning with the eligibility criteria to online submission of 'Institutional Information for Quality Assessment (IIQA)'.

Next, he described as to how the HEI's applying for A & A process for the first time (Cycle1 Process) has to register and proceed. He informed that "IIQA User Manual" is available on the dashboard for help. Also, the required documents and the ones to be uploaded were also enlisted. The IIQA Application Process was explained in detail. Thereafter, Prof. Rajiv Manohar discussed the changes introduced in the Revised

Assessment and Accreditation (A&A) Framework in July 2017, representing an explicit paradigm shift making it ICT enabled, objective, robust and transparent. Subsequently, Prof. Rajiv Manohar explained all the seven Criteria to serve as basis for assessment of HEIs in detail. The Key Indicators, including the New Introduced ones, were also explained with suitable examples.

Prof. Rajiv Manohar concluded by saying that each and every data should be supported with verifiable document, therefore utmost care should be taken before submitting the SSR.

Technical Session II

In the post tea session, Dr. Mahendra Agnihotri, Assistant Professor, University of Lucknow, deliberated upon “Peer Team Visit”. He told the participants that in the revised framework, the number of Peer Team members and duration of visit has been reduced. Dr. Mahendra Agnihotri, cited many examples how any false information mentioned by the college in SSR is revealed by the Peer Team. He, cautioned, that such practise is not acceptable and the college should always submit only that information which could be verified. He also made it clear that the Peer Team is not for grievance redressal, therefore, the faculty, employees and students during interaction with Peer Team should put forth answers honestly and desist from forwarding their personal grievances.

Open Session

The last session of the workshop was to address the queries and questions of the participants. Prof. Rajiv Manohar and Dr. Mahendra Agnihotri jointly answered to the questions. The queries were related to online submission of AQAR, Student Satisfaction Survey, timeline for second cycle, data on student progression, placement in UG college etc.

Being educated in real sense is being human in true sense. This is the essence of quality education. DEAN ACADEMICS MESSAGE

The past year has exposed the dedication and ingenuity of our world class faculty and staff, as well as the grit and tenacity of our students. They all adjusted to this new normal, continued to engage, and remained focused on our goal of impacting our state at large through graduates from a diverse background ethnically, linguistically, and socio-economically, who would serve our communities with passion, compassion, and excellence.

As we have recently been shown, this is a time when old assumptions have been thrown out the door. A time when we've seen dramatic changes to everyday life none of us would have believed as we welcomed in the new year of 2017. Let new ideas combine with evidence on what works and come together in new collaborations, breaking down traditional barriers because we're all in this channel together. At the end, what you are doing is important, and even though these two years have taken a dramatic turn, know that your chosen field has become even more important, and what you choose to do can and will make a difference. Whatever you do, you still leave this place prepared and empowered to make a contribution.

You are the future leaders and the society look back to you. And I am optimistic, for your progressive height future. I am confident that those who follow you will look back at this time with pride and thankfulness.

The past year has exposed the dedication and ingenuity of our world class faculty and staff, as well as the grit and tenacity of our students.

I believe that candidates must have a strong grounding in the content knowledge necessary to guide learners and must also possess the skills necessary to respond to the needs of those learners.

As we have recently been shown, this is a time when old assumptions have been thrown out the door. Let new ideas combine with evidence on what works and come together in new collaborations, breaking down traditional barriers because we're all in this channel together.

At the end, what you are doing is important, and even though these two years have taken a dramatic turn, know that your chosen field has become even more important, and what you choose to do can and will make a difference.
