7.1.7 THE INSTITUTION HAS DISABLED-FRIENDLY, BARRIER FREE   ENVIRONMENT:

Barrier free environment is one which enables people with disabilities to move and easily and to use the facilities within the erected environment. The goal of hurdle free design is to provide an environment that supports the independent functioning of individuals so that they can get to, and participate without hindrance, in everyday activities.

We all are physically disabled at one time in our lives like a child, a person with a broken leg a pram an elderly person etc. Life is easy for healthy and able bodied, but for people with disability, it is our duty to make the surroundings for them barrier free and fulfill their needs. As a matter of fact, the needs of the disable coincide with the needs of majority and all the people are at ease with them. In order to provide a barrier free environment, the college has made provision for the disabled ones, equivalent to the people with good health.
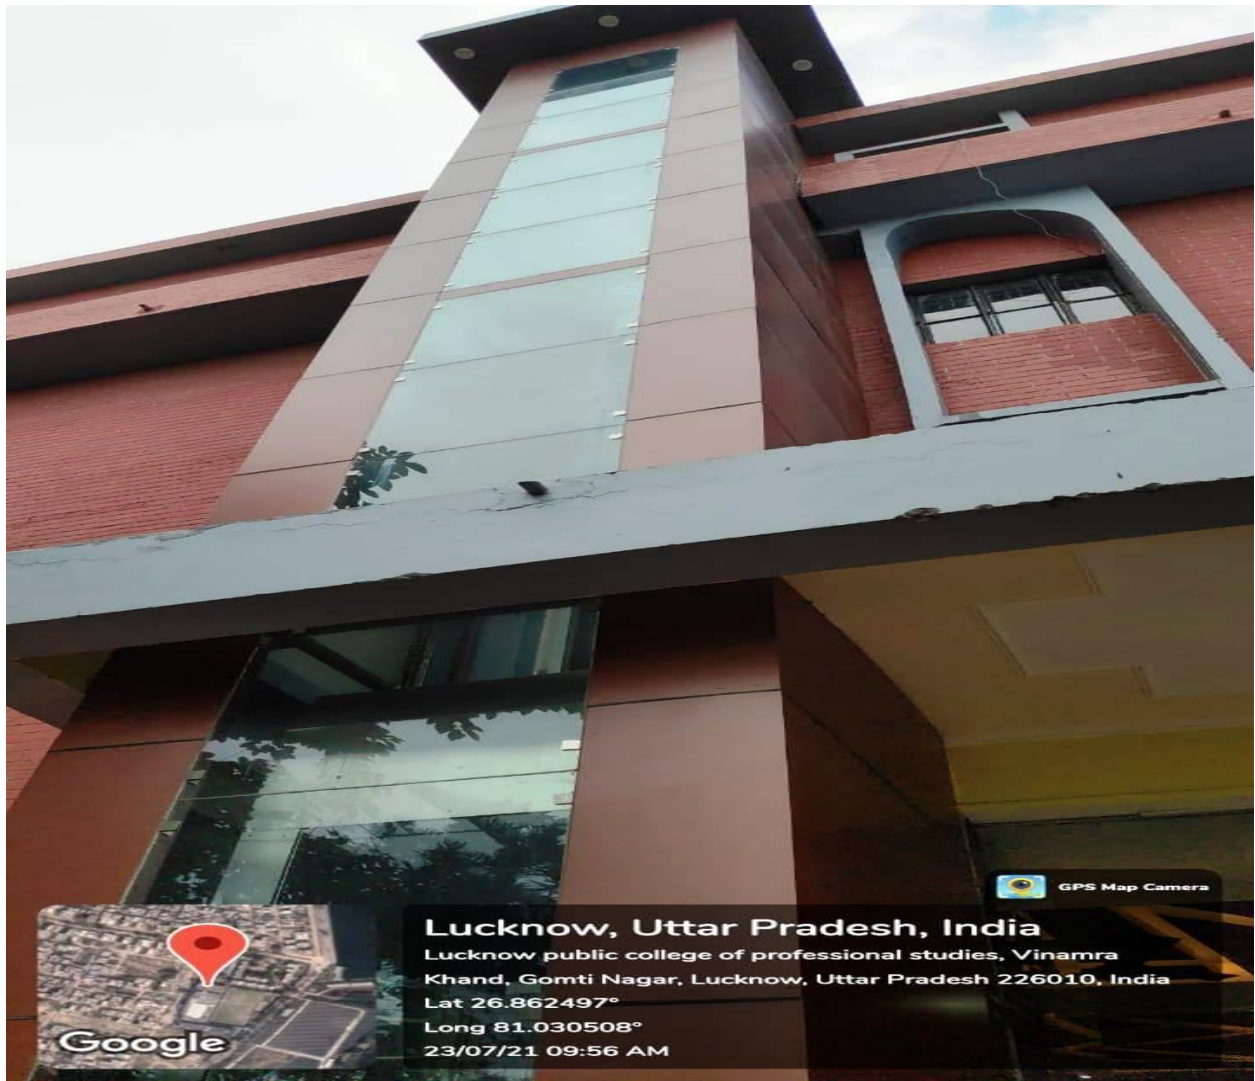

Front office executive provides information about the facilities for the people with disability.
