"Smart App in Education- Industry Talk"

Resource Persons:
Ms. Garima Sharma (Team Member from Delhi)
Mr. Jimmy Jose
Venue: Computer Lab.
30th November, 2019

"Journey beyond the classroom, bringing teachers, students and parents together to improve student outcomes."

The management of Lucknow Public College organized a special industry talk on "Smart App in Education" on 30th November, 2019. Ms. Garima Sharma team member (Delhi) & Mr. Jimmy Jose, team member (Lucknow), Snap Homework were the resource persons of the workshop where the talked about the "tool to stay connected with the students whom you teach in the class rooms and their parents as well". Sharing their wide experience of working very closely they encouraged participants to use application designed to enhance the process of setting homework and assignments while making sure that all parties, teachers, parents and students are kept informed.

The talk was attended by Faculty members of Lucknow Public College of Professional Studies, Lucknow.

Objective

Objectives of the workshop were as follows:
1. To equip the participants with knowledge of software Snap Homework
2. To exchange appropriate skills, information, and experience on Snap Homework.
3. To update the professionals and academic community about content management.
4. To develop an expertise by providing a thorough training, tutorial, demonstration and hands-on practice on open source software (OSS) and its application.

No. of Participants (Lucknow Public College of Professional Studies): 14
