Swami Vivekananda Library

4.2.1 Library is automated using Integrated Library Management System (ILMS)

The Swami Vivekananda Library is located in the basement of A block building. The library area is 2407.89 Sqf (223.70 Sqm). This library has a seating capacity of approximately 100 students. There are 20438 bar-coded books (maximum), 14 computers with Wi-Fi facilities using and one projector with screen in this library. This library is automated using Integrated Library Management System (ILMS). KOHA, based on cloud service which gives a user-friendly interface for searching resources in the library, along with its positions and availability status. The library has Web – OPAC for providing remote access to its students, faculties and other staff members.

Name of the ILMS Software	KOHA
Nature of automation	Partially
Version	19.11.03.000
Year of automation	2020

KOHA is Multilingual, Multiuser and multitasking software, which not only helps to effectively manage a library but also helps in reducing the overhead cost.

Swami Vivekananda Library is used for following purposes:-

- 1) **Patron Section-** To create new patron – Patron permissions are used to allow staff member's access to the staff client.
- 2) **Cataloging Section (Add MARC record)** - Information about books
- 3) **Circulation Section – Counter Services** – It is a service point meant for issue and return of books.
- 4) **Transaction Report Section- Issue & Return-** Course wise transaction of issued & returned books with specific date.
- 5) **KOHA OPAC facilities (Tag cloud services)-**OPAC Id has been given to all students, faculties & staff members.
