THEME OF THE CONFERENCE

“The International Conference on Fostering Innovations using Research Methodology at the Nexus of Science, Engineering, Commerce, and Humanities” is a premier interdisciplinary event that brings together researchers, academicians, practitioners, and industry experts from diverse fields to explore the dynamic interplay among innovation, research methodologies, and multiple disciplines. This conference serves as a platform for participants to share cutting-edge research findings, novel methodologies, and innovative practices that contribute to advancements in engineering, science, commerce, and humanities. It aims to foster cross-pollination of ideas and collaboration among experts from traditionally separate domains, recognizing the profound impact that interdisciplinary approaches can have on addressing complex global challenges. The conference covers a wide range of subjects, including but not limited to:

Important Areas:

1. Innovation in Sustainable Engineering Practices
2. Exploring new avenues in business strategy & commerce
3. Humanities in the digital age: Transformative Research
4. Data science & analytics for business innovation
5. Advances in Biotechnology: Ethics & breakthroughs
6. Exploring consumer behavior in the digital commerce era
7. Challenges and opportunities with Generative AI.
8. Advancement in renewable energy and environmental engineering
9. Digital transformation: Navigating the new frontier
10. The future of Healthcare: Innovation & solution
11. Condensed Matter Physics

ABOUT THE ORGANIZING CITY

Lucknow is the capital of Uttar Pradesh, also known as the ‘Golden City of the East’, is situated on the bank of river Gomti. It is fondly called the ‘City of Nawabs’ and famous for its ‘Tehzeeb’.
