ABOUT THE INSTITUTION

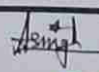

Lucknow Public College of Professional Studies established in 2009, where the epitome of Higher Education get a new form after affiliated with University of Lucknow. LPCPS is one of the most coveted colleges for admission for Degree Programs in the Northern India. The institute brings together knowledge, research and industry experience in one place and confers upon its graduates, professional degrees which are recognized globally.

The professional degrees offered after the successful completion of the undergraduate programs are certified by UGC, the statutory body overseeing the running of universities and colleges in India. The degrees are affiliated to the University of Lucknow, one of the oldest government owned institutions of Indian higher education.

LPCPS boasts of having eminent personalities from Industry background as well as academia background among its board. Their experience and expertise in their respective domains was one of the main reasons why LPCPS attained its professional reputation in a short time. Commitment to excellence is the top most priority of all the domains in the college - academia, training and skill development, placement cell, research wing, consultancy division are the most prominent among them.

The spectacular success achieved by the college in such a short time is the result of the foresight, exceptionally dynamic leadership and the able guidance of the visionary founder manager. The highly talented and motivated team of professional educators and facilitators have made it their mission to make LPCPS one of the top most institutions in the field of professional education in the Asian continent.

LPCPS is established and managed by Lucknow Public Educational Society at Rajajipuram in the city of Lucknow. The society has made its name in the Indian subcontinent as a brand ambassador and a stalwart in the field of education. The

FOUNDER'S MESSAGE

Competency through learning is a major focus at Lucknow Public College of Professional Studies. Social as well as individual development is possible through education only. Student life is a preparatory period for further life. One should think about career building, which is the prime concern of today's students.

It's a matter of great pleasure that today's students are career-conscious. For their motivational therapies, the college practices promptness in arranging Career Counselling Sessions and PDP (Personality Development Programme) to let students become thoroughly informed about lucrative career options, catapulting them into reputed jobs. We try to make students' personalities magnetic so that they can avail the opportunities ahead, making their profile higher. We have a CAT and other competition preparation cell, which provides free of cost teaching to students to prepare for CAT, Banking, Railways and other competitions. Our objective is to make our students highly employable, worthy and skilled so that they can have better tomorrows.

We educate our students in such a way as they realize oneness of mankind. A student's life will be adjudged according to his meaningful adjustment in the society which is the ultimate aim of education.

Being educated in real sense is being human in true sense. This is the essence of quality education.

At last, I would say that education does not mean piling of information and worldliness only, but to attain wisdom- a light, that does a lot for the sake of mankind. Here at Lucknow public college of professional studies, strenuous efforts are made by skilled educators to ensure the totality of education."

DIRECTOR'S MESSAGE

In this era of diversification, we need to create a pathway to work conjointly to embark our footprints in shaping up every student into a global citizen. Keeping this in view, we bring distinct cultures; both national and international, in conjunction to enrich the society with the values and thriving to metamorphose Uttar Pradesh into a cosmopolitan state.

Enriching the areas such as: academics, innovations, aesthetics, administration, management, sports, culture and globally accepted trends, our system of education is illimitable by the boundaries of name; it is guided by an exemplary excellence in every field of human activity.

Being an inseparable part of Lucknow public college of professional studies, a premier and covated educational institution of India... I believe in integrating ones' energy towards the attainment of high-yielding goals which could benefit society as a whole.

All individuals at LPCPS are provided an equal opportunity to excel. We bring together the minds of diverse cultures prevailing across the world thereby projecting unity in diversity on the world forum.

I feel extremely happy and privileged to be a part of this magnificent educational institution and gratefully acknowledge the service of my dedicated faculty members & other staff besides supportive parents for helping us to accelerate our journey towards achieving our mission - to prepare students for a better tomorrow. LPCPS is a place where careers are carved and citizens sculpted.

I wish every student a bright and fruitful future.

MS. GARIMA SINGH

DIRECTOR

PRINCIPAL'S MESSAGE

Education is not a means of preparing for life, but rather life itself. The goal of Lucknow Public College of Professional Studies is to educate students so that they can assume their rightful place as world leaders by providing a comprehensive education. At Lucknow Public College of Professional Studies, real-world application of knowledge and skills is the hallmark of the education revolution. The compassionate and empathic environment at LPCPS has aided students in developing into well-grounded professionals and outstanding citizens. We provide a platform for all students to participate in a variety of activities, from dance club to artificial intelligence.

As the principal of Lucknow Public College of Professional Studies, I am honored and privileged to be a part of such a wonderful educational institution where every student is a learner and every day is an opportunity to study and discover new things. We believe that UP should have high standards and a firm commitment to understanding and improving the educational process through a team strategy that is solely focused on student accomplishment. Many of your questions will be answered by browsing this website. I hope to create an environment that fosters meaningful learning and value-based education.

DEAN ACADEMICS MESSAGE

Since March 2020, the world pressure has suffered under the weight of a global pandemic that locked down government offices, service organizations, schools, and businesses. The effects of the pandemic on everyone have been hard and painful.

The past year has exposed the dedication and ingenuity of our world class faculty and staff, as well as the grit and tenacity of our students. They all adjusted to this new normal, continued to engage, and remained focused on our goal of impacting our state at large through graduates from a diverse background ethnically, linguistically, and socio-economically, who would serve our communities with passion, compassion, and excellence.

As the IQAC head, I believe that candidates must have a strong grounding in the content knowledge necessary to guide learners and must also possess the skills necessary to respond to the needs of those learners. The implementation of New Education Policy has also added to our value based education system.

As we have recently been shown, this is a time when old assumptions have been thrown out the door. A time when we've seen dramatic changes to everyday life none of us would have believed as we welcomed in the new year of 2024. Let new ideas combine with evidence on what works and come together in new collaborations, breaking down traditional barriers because we're all in this channel together.

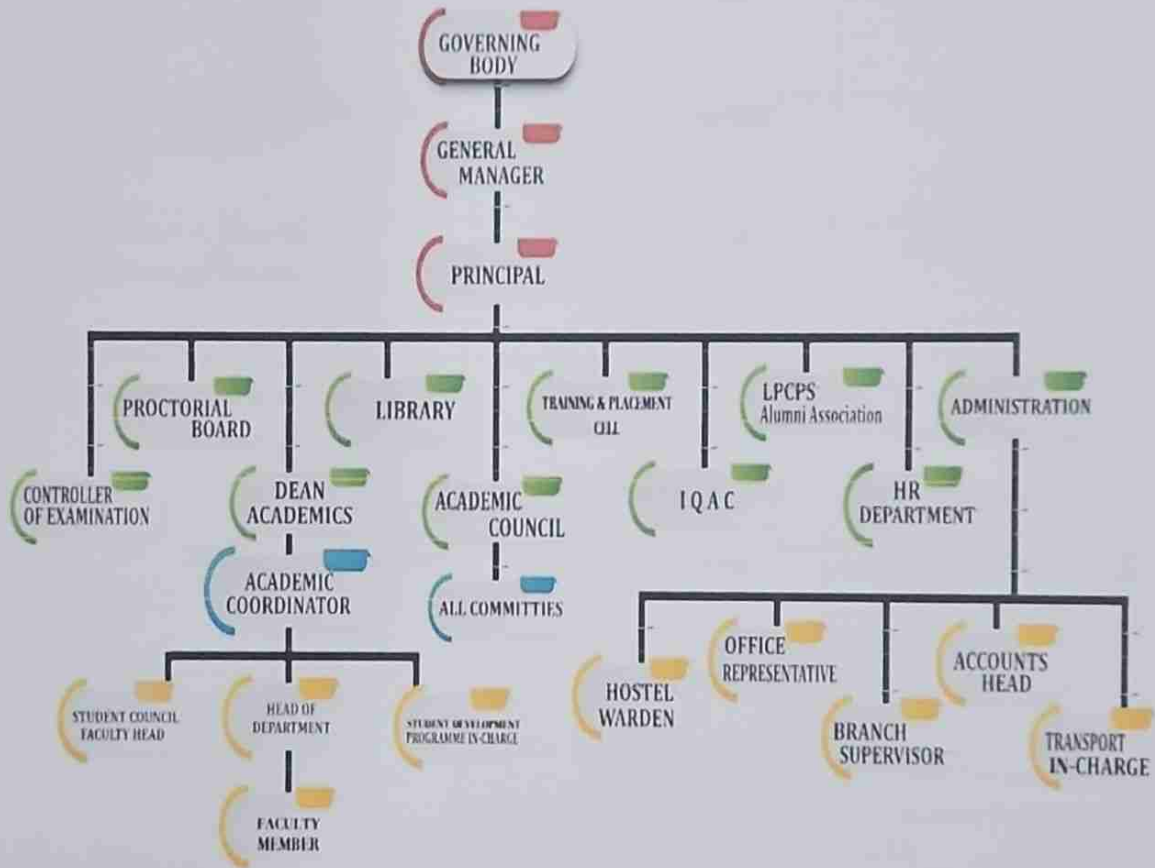

You are the future leaders and the society look back to you. And I am optimistic, for your progressive height future. I am confident that those who follow you will look back at this time with pride and thankfulness.

6. CULTURAL /COMMEMORATIVE EVENTS

The college organizes National/International commemorative days, events and festivals with enthusiasm. The College strongly believes that unless the present generation of youth are sensitized about the significance of the festivals of our secular country and the sacrifices which great men and women of this country have made for uplifting their countrymen, the students are not able to understand their responsibility to the nation. Our students are on a mission towards better India by breaking the boundaries of religion and caste. The unity in which India has its diversity that serves as the melting pot of cultures, religion, and ethnicity and develops qualities of tolerance and understanding amongst students. The college practices pluralist approach towards all religions functions and encourages the students and faculty to showcase the same. Every year our institution organizes the National/International commemorative days, events and festival. Staff and students get to know the importance of national integrity in the country in general and their role in it in particular.

8. PROJECTS

The intention of conducting the Major Research Projects was to add knowledge in the area, to devise and test a solution to an existing problem and to address the existing gap in the knowledge. The benefits of research projects are highly useful for the society in general and developing countries like India in particular. The following Four MRPs were funded by Lucknow Public Educational Society, A- Block, Rajaji Puram, Lucknow under the R&D Grant-in-Aid Scheme.

S.No.	Project No.	Project Tenure	Project Cost	Project Name
1	2021/MRP/05/LPES	April 01, 2021 – March 31, 2024	₹ 5.00 Lacs	HUMAN-ROBOT INTERACTION: IMPORTANCE AND EXPERIMENTS
2	2022/MRP/06/LPES	April 01, 2022 – March 31, 2025	₹ 5.00 Lacs	RESEARCH ON GREEN DESIGN AND ASSEMBLY OF ENVIRONMENTAL RESPONSIVE CAR
3	2023/MRP/07/LPES	April 01, 2023 – March 31, 2026	₹ 5.00 Lacs	AI-BASED FOOD QUALITY TESTING DEVICE

Evidence of Success

The Three MRPs has tremendously benefited the research scholars, academicians and the society.

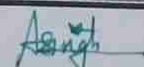

S.No.	Project No.	Outcome of the Project Through Link
1	2021/MRP/05/LPES	We have thrilled to share that the outcomes of our project, "Human-Robot Interaction: Importance and Experiments," are nearing completion and will soon be available in the forms of a comprehensive research article and an innovative patent submission.
2	2022/MRP/06/LPES	<p>Interim Outcomes: While the project is still in progress, our efforts have yielded promising early results:</p> <ol style="list-style-type: none"> Sustainable Material Identification: We have successfully identified a range of eco-friendly materials with high potential for use in the car's design and assembly, significantly reducing the carbon footprint of production. Optimized Green Assembly Processes: Preliminary testing of innovative assembly techniques has demonstrated the feasibility of reducing energy consumption by [specific percentage or amount], aligning with our goal of energy-efficient manufacturing. Smart Environmental Response Mechanisms: Initial development and testing of responsive technologies, such as adaptive climate control systems and energy recuperation methods; have shown potential to enhance the car's sustainability and user efficiency. <p>Next Steps: In the coming phases, we plan to:</p>

		<ul style="list-style-type: none"> • Conduct extensive field testing to validate the performance and durability of the chosen materials. • Refine assembly methods for scalability in production environments. • Enhance the functionality and reliability of the environmental response systems. <p>Once completed, this project aims to set a benchmark for green automotive design by delivering a vehicle that is not only environmentally responsible but also economically viable for mass adoption.</p>
3	2023/MRP/07/LPES	<p>Interim Outcomes: Although the project is still in development, the following achievements have been made so far:</p> <ol style="list-style-type: none"> 1. AI Algorithm Development: We have successfully designed and trained a preliminary AI model capable of detecting contaminants and evaluating food quality metrics such as freshness, nutrient levels, and shelf-life predictions. 2. Sensor Integration: Initial testing of advanced sensors for detecting physical, chemical, and biological indicators of food quality has shown high accuracy and compatibility with the AI system. 3. Prototype Assembly: The first iteration of the device prototype has been developed, combining cutting-edge hardware and software to facilitate real-time food quality assessment. <p>Ongoing Efforts: Our current focus includes:</p> <ul style="list-style-type: none"> • Enhancing the accuracy and speed of the AI algorithms to process diverse food categories. • Refining the hardware design for user-friendly operation and portability. • Conducting comprehensive field tests to validate performance under varied conditions and use cases. <p>Anticipated Impact: Once completed, this project aims to revolutionize food quality assurance by offering a quick, reliable, and AI-powered solution for consumers, producers, and regulators. This device has the potential to improve food safety standards, reduce waste, and boost consumer confidence in food products.</p>
