

LUCKNOW PUBLIC COLLEGE OF PROFESSIONAL STUDIES

7.3.2 - Plan of action for the next academic year

- 1- To organize workshops, seminars, and conferences to foster a culture of research, innovation, and development among students and staff, enhancing their skills and competitiveness.
- 2- To provide value-added courses that promote holistic development and value-based teaching and learning, enriching the overall educational experience for students.
- 3- To foster social responsibility and community engagement among students by encouraging participation in community development programs
- 4- To foster strategic partnerships and collaborations with:
 - a- Institutional partners (universities, research institutions)
 - b- Corporate houses (industry partners, organizations)
- 5- To provide a nurturing and inclusive learning environment that fosters the holistic development of:
 - a- Students: academically, personally, and professionally
 - b- Faculty: enhancing teaching, research, and professional growth
 - c- Supporting Staff: promoting skill development and well-being
- 6- To consistently deliver holistic, value-based education that:
 - a- Fosters academic excellence
 - b- Cultivates moral and ethical values
- 7- To foster a culture of innovation and entrepreneurship by:
 - a- Enriching creative thinking and problem-solving abilities
 - b- Encouraging startup ideas and business ventures
- 8- To foster experiential learning by providing opportunities for:
 - a- Hands-on project work
 - b- Field studies and immersive experiences
- 9- To provide a supportive and caring environment by:
 - a- Promoting student and staff well-being initiatives
 - b- Offering counseling and mental health services
 - c- Fostering a culture of inclusivity and diversity
- 10- To enhance the Teaching-Learning-Evaluation (TLE) process by:
 - a- Implementing innovative and effective teaching methodologies
 - b- Utilizing technology to support student engagement and learning
 - c- Encouraging feedback and continuous improvement
