## DEAN ACADEMICS MESSAGE

Since March 2020, the world pressure has suffered under the weight of a global pandemic that locked down government offices, service organizations, schools, and businesses. The effects of the pandemic on everyone have been hard and painful.

The past year has exposed the dedication and ingenuity of our world class faculty and staff, as well as the grit and tenacity of our students. They all adjusted to this new normal, continued to engage, and remained focused on our goal of impacting our state at large through graduates from a diverse background ethnically, linguistically, and socio-economically, who would serve our communities with passion, compassion, and excellence.

Despite the pandemic, we were able to graduate eligible candidates in the 2019-2021 academic years. The Internal Quality Assessment Cell at LPCPS in coordination with the placement cell, conducted placement drive for the students who lost the bread earners of their family in the pandemic.

As the IQAC head, I believe that candidates must have a strong grounding in the content knowledge necessary to guide learners and must also possess the skills necessary to respond to the needs of those learners. The implementation of New Education Policy has also added to our value based education system.

As we have recently been shown, this is a time when old assumptions have been thrown out the door. A time when we've seen dramatic changes to everyday life none of us would have believed as we welcomed in the new year of 2020. Let new ideas combine with evidence on what works and come together in new collaborations, breaking down traditional barriers because we're all in this channel together.

You are the future leaders and the society look back to you. And I am optimistic, for your progressive height future. I am confident that those who follow you will look back at this time with pride and thankfulness.

## 12. CULTURAL/ACADEMIC/COMMEMORATIVE EVENTS

The college organizes National/International commemorative days, events and festivals with enthusiasm. The College strongly believes that unless the present generation of youth are sensitized about the significance of the festivals of our secular country and the sacrifices which great men and women of this country have made for uplifting their countrymen, the students are not able to understand their responsibility to the nation. Our students are on a mission towards better India by breaking the boundaries of religion and caste. Thoughts of great Indian personalities are sowed into the young minds through the exhibitions and programs conducted on these days. The unity in which India has its diversity that serves as the melting pot of cultures, religion, and ethnicity and develops qualities of tolerance and understanding amongst students. The college practices pluralist approach towards all religions functions and encourages the students and faculty to showcase the same. Every year our institution organizes the National/International commemorative days, events and festival. Staff and students get to know the importance of national integrity in the country in general and their role in it in particular.
