

**SAMPLE OF INTERVIEW AND PLACEMENT
DRIVES**

Rashtriya Job Fest

2023-2024

We organise **Rashtriya Job Fest** for the students to acknowledge the skills and ability to meet the current job specifications and requirements.

Attending job fairs can help students to find positions that were unaware even existed. Additionally, employers may discover more about students' qualifications and determine how well they would fit into their team. Career fairs can take place in big or small venues. The organisers set up booths for various businesses in a single, neutral location at LPCPS Classrooms. Recruiters and employers remain at their booths, while candidates visit each booth to speak with recruiters. Numerous firms erect their own booths in order to hire students. Candidates can ask recruiters questions regarding the application process and the organisational culture during the event. On-the-spot interviews are a common feature of job fairs, allowing applicants to gain jobs right away.
