VOTER AWARENESS SESSION

Date: 3rd May, 2023

Voting is an integral part of democracy, and it is necessary for people to have a voice. Everyone has the right to vote, which means that all Indians can vote for the Prime Minister of their choice. By voting, you can create change and make a difference in your community. It is also important to vote because you can only repeal a law if most citizens agree with it.

Voting is one way to be more civically engaged with your government. It is vital to make a difference in the world by having your voice heard and representing the views of people who don't have a voice. If you want to create change, voting is an excellent way. Voting in election helps citizens ensure that the country is granted better rights and protection.

Lucknow Public College of Professional Studies organized a voter awareness session for the students of LPCPS which was given by Mr. Nawaz Khan (student of B.com II semester) of LPCPS. Very good speech was given by him and students participated actively.
