6. CULTURAL /COMMEMORATIVE EVENTS

The college organizes National/International commemorative days, events and festivals with enthusiasm. The College strongly believes that unless the present generation of youth are sensitized about the significance of the festivals of our secular country and the sacrifices which great men and women of this country have made for uplifting their countrymen, the students are not able to understand their responsibility to the nation. Our students are on a mission towards better India by breaking the boundaries of religion and caste. The unity in which India has its diversity that serves as the melting pot of cultures, religion, and ethnicity and develops qualities of tolerance and understanding amongst students. The college practices pluralist approach towards all religions functions and encourages the students and faculty to showcase the same. Every year our institution organizes the National/International commemorative days, events and festival. Staff and students get to know the importance of national integrity in the country in general and their role in it in particular.
