FOUNDER'S MESSAGE

Competency through learning is a major focus at Lucknow Public College of Professional Studies. Social as well as individual development is possible through education only. Student life is a preparatory period for further life. One should think about career building, which is the prime concern of today's students.

It's a matter of great pleasure that today's students are career-conscious. For their motivational therapies, the college practises promptness in arranging Career Counselling Sessions and PDP (Personality Development Programme) to let students become thoroughly informed about lucrative career options, catapulting them into reputed jobs. We try to make students' personalities magnetic so that they can avail the opportunities ahead, making their profile higher. We have a CAT and other competition preparation cell, which provides free of cost teaching to students to prepare for CAT, Banking, Railways and other competitions. Our objective is to make our students highly employable, worthy and skilled so that they can have better tomorrows.

We educate our students in such a way as they realize oneness of mankind. A student's life will be adjudged according to his meaningful adjustment in the society which is the ultimate aim of education.

Being educated in real sense is being human in true sense. This is the essence of quality education.

At last, I would say that education does not mean piling of information and worldliness only, but to attain wisdom- a light, that does a lot for the sake of mankind. Here at lucknow public college of professional studies, strenuous efforts are made by skilled educators to ensure the totality of education."

DEAN ACADEMICS MESSAGE

Since March 2020, the world pressure has suffered under the weight of a global pandemic that locked down government offices, service organizations, schools, and businesses. The effects of the pandemic on everyone have been hard and painful.

The past year has exposed the dedication and ingenuity of our world class faculty and staff, as well as the grit and tenacity of our students. They all adjusted to this new normal, continued to engage, and remained focused on our goal of impacting our state at large through graduates from a diverse background ethnically, linguistically, and socio-economically, who would serve our communities with passion, compassion, and excellence.

Despite the pandemic, we were able to graduate eligible candidates in the 2019-2021 academic years. The Internal Quality Assessment Cell at LPCPS in coordination with the placement cell, conducted placement drive for the students who lost the bread earners of their family in the pandemic.

As we have recently been shown, this is a time when old assumptions have been thrown out the door. A time when we've seen dramatic changes to everyday life none of us would have believed as we welcomed in the new year of 2020. Let new ideas combine with evidence on what works and come together in new collaborations, breaking down traditional barriers because we're all in this channel together.

You are the future leaders and the society look back to you. And I am optimistic, for your progressive height future. I am confident that those who follow you will look back at this time with pride and thankfulness.
