ONLINE CLASS THROUGH GOOGLE MEET

The screenshot shows a Google Meet interface with a presentation slide titled "Compensation design for staff employees". The slide content is as follows:

Salary and wages

In a compensation package, these typically make up the single largest component. This comes as no surprise since they are what potential and current employees use as a common point of comparison. The person's experience and skills should determine the salary, with subsequent increases in the future depending on the employee's value, performance level and contribution to the company.

Benefits

Employees because are one common way employees provide performance incentives and are usually paid out annually, often at the end of the year, in a single lump sum. A common way of doing this is through profit-sharing plans. However, these are often tied to the company's success versus for rewarding and compensating employees for their individual performance and meeting goals.

The screenshot also shows a grid of participants in the bottom right corner, including users named "You", "S", "V", "MISHRA KUNAL", and "SANTOSH". The top of the screen displays the meeting title "WhatsApp Image 2022-07-26 at 10:31 AM (mp3)", the time "1:37 PM", and the date "10/23/2022". The bottom status bar shows "33°C Light rain" and "10:33 AM".
